Re: Authorization to Connect Electrical Service

Please accept this notification as authorization to connect the electrical service at:

---

(Project name and location)

I hereby certify that the electrical installation has been inspected by a licensed electrical contractor and meets or exceeds all applicable requirements of all applicable codes. I certify that I am authorized to grant FPL authorization for FPL to connect the aforementioned electrical service to FPL's electrical distribution system based on the following condition of exemption.

- Facility is on Agricultural zoned property pursuant to Florida Statute 193.461
- Facility is on property owned by a railroad company
- Facility is on property owned by a government entity
- Emergency repair work subject to inspection within 48 hours after connection
